## FY25 ANNUAL REPORT

With your support, The Lift Garage helps Minnesotans primarily from the seven-county geographic area have access to reliable transportation at 1/3 of the market rate. Yet it's more than that: individuals who have cars are more likely to report a higher quality of life, obtain and maintain jobs, and describe an increase in independence. Our focus on providing honest advice and reliable, low-cost car repairs is driven by the belief that we're all safer on the roads because of our work. In 2025, we relaunched our Mobile Van Program, paid off our mortgage and construction loan, and welcomed over 100 participants at our complimentary Car Care Classes. Thank you for your partnership and fueling this work.

### YOUR 2025 IMPACT ON RELIABLE AND SAFE TRANSPORTATION:

### OUR SHARED MISSION:

The Lift Garage offers low-income Minnesotans a vehicle out of poverty by:

- Providing low-cost car repair
- Connecting with community partners
- Linking customers to needed resources

### OUR SHARED VALUES: Excellence, Respect, Opportunity, Justice

“

The peace of mind in having a safe vehicle is priceless. It took a lot of stress from me.

We've been able to get the car fixed and still have money for food. I was able to keep my job.

I don't know mechanics. Somebody could easily bamboozle me when it comes to what needs to be done with my vehicle. It's really special to have a group of people that you can talk to about your car, and you know that they're going to have your best interests at heart.
